

DEPARTMENT OF COMMUNICATION SCIENCES AND DISORDERS

Core Classes and Instructors

To: All Post Baccalaureate students
From: Dr. Zeine, Post Baccalaureate Program Director

Thank you for your interest in Western Washington University and the Department of Communication Sciences and Disorders. While we recognize that you have completed Baccalaureate studies (BA or BS) we would like to make you aware of the following "Core Program" pre-requisites at Western. The Post Baccalaureate lockstep program has been instituted to help you meet these requirements. *If you feel that you have completed any of the following (or their equivalent*), please refer to accompanying information sheet regarding "waiving" a course.*

CSD 352 Anatomy & Physiology (Zeine)
CSD 354 Speech & Language Development in Children (Baharav)
CSD 356 Phonetics (Zeine)
CSD 454 Disorders of Fluency (Mathers-Schmidt)
CSD 361 Language Disorders I (Baharav)
CSD 373 Introduction to Phonology (Zeine)
CSD 371 Introduction to Audiology (Normal Hearing) (Peters)
CSD 353 Speech Science (Mathers-Schmidt)
CSD 372 Disorders of Hearing (Peters)
CSD 450 Neuroanatomy (Zeine)
CSD 451 Language Disorders (Baharav)
CSD 462 Audiometric Testing (Darling)
CSD 457 Clinical Processes in S/L Therapy (Hunt-Thompson)
CSD 458 Beginning Clinical Practice (Hunt-Thompson)
CSD 463 Aural Rehabilitation (Peters)
LIBR 402 (Tag)

* "Equivalency" of any particular course may be established following consultation with the instructor of the class (see accompanying information sheet).

Should you accept to come to Western, please be sure to make an appointment to see me before you register. I usually have office hours posted on my door. I can also be reached during spring and summer quarters.
