**The Whatcom County
Agricultural
Preservation Committee**

Whatcom Farm Friends

**The Bertrand Watershed
Improvement District**

and

**The Whatcom Coalition for
Healthy Communities
Leadership Whatcom
Project**

It is said that each breath we take includes a few particles of the air our ancestors breathed. Our ancestors' voices are in the rustling of the trees, the murmur of a brook by the meadow, and the whisper of new corn in the field. Our ancestors' stories are in us and around us every day.

The Bellingham Storytellers Guild is collecting stories that tell the history of Whatcom County. These stories will be archived in digital and print form and made available for performance. If you or someone you know has an interesting story that needs telling, contact the Storytellers Guild.
